If you have any breakfast ideas that you would love to have, let Georgia know!

We are also starting a morning cooking club – come and join us for some tasty baked brekkie treats!

What we have done this week...

Science Club

This week's science activity was also a tasty one! The children learnt how to make their very own bubblegum! The children loved learning how to make their own vanilla flavoured chewing gum and adding food colouring to make it lots of lovely colours. They couldn't wait to take home and share with their families! It was a very sticky mess at one point but they loved mixing and mixing until it turned into something they would normally buy in the shops!

Last week we were helping Georgia celebrate the British Mother's Day! As Georgia's mummy lives back in England, she was telling us that the British Mothers Day was on Sunday 31st March this year. We decided to make heart shaped chocolate chip cookies! The children loved trying to mould the cookies into heart shapes. Some of them didn't quite keep their shape... but they still tasted delicious!

Art Club

The children were very busy doing lots of lovely art activities last week! The children loved heading to the library and drawing and designing their own emoji face masks. They loved looking at all the emoji faces and telling us what emojis their parents like to use too! Nathan did a great egg carton animal art activity with the children too which the children loved getting messy with the paints!

Vacation Care

Another reminder about our April Vacation Care programme! Running from Monday 8th April – Thursday 18th April (07:00-18:15), we have two weeks of exciting days planned for your children. There are different themes each day including 2 incursions; African drumming and a puppetry experience, as well as 2 excursions; Inflatable world and Bundoora park farm. Please get your bookings in soon and if there are any problems, do not hesitate in contacting Georgia.

OSHclub Shout out!

This weeks OSHclub shout out goes Colin and Sienna in Prep this week. The preps have been working really hard with their reading this week and have even been sitting down with Georgia in before school care and practising their sight reading! They are both working so hard to get speedier with their reading and it's great to see their enthusiasm for reading so early in the morning! Keep it up Preps!
