Toorak OSH had a pizza party last Friday! Everyone did an amazing job of making their own pizza snack! We had a variety of toppings for everyone to make their own personalised pies catered to their taste. They then waited patiently as the pizzas cooked for 5 minutes in the oven. "This is like waiting at a pizza shop." said one of our patient customers.

The scientists of the group made their own crystals last week with Steve. With a verity of options to pick from it seems like the majority of them chose to make sugar crystals.... I wonder why?! We up-cycled some old jars that had been washed, and used them as our growing vessels. After mixing up the potion it was put into the jars along with some string. The crystals will take a few weeks to grow. We are all very excited to see how they turn out!

The crafters in the crew made their own fruit salad using cotton and felt and a lot of patience! They spent the afternoon on Monday and Tuesday sewing their very own play fruit toys! Have a Look!
