Last week our adventurous chefs made a fresh batch of empanadas. We all learned a bit about where empanadas come from and have since learned that due to Spanish settlement throughout the world they are a popular dish in many countries. One of our OSH members who once lived in the Philippines years ago shared with us that she had eaten this Spanish dish many times while living there, and shared her knowledge of Spanish influence on the country. Our OSH members very carefully chopped onions, garlic and capsicum while others grated the sweet potatoes. These veggies were then combined in the pan with various spices and black beans. Each chef took care in folding their empanada filling in puff pastry before baking them in the oven. Well done chefs, it was great to learn a bit about the world through food with you all!

One morning last week some of our OSH members were thoughtful enough to help make a Lasagne for the ASC snack later that day. The ladies made a beautiful vegetable sauce and formed layers of sauce, pasta and seasoned ricotta, topping the whole creation off with delicious mozzarella cheese. Thanks for helping out Olivia and Noura and being so caring whilst contributing to our OSH community!

On Thursday last week Toorak OSH got a bit spooky and MAD, as the scientists of the group worked with Steve to create an assortment of magic potions using scientific ingredients. Take a look at all of the amazing colourful potions they came up with.

Last weeks Wednesday LEGO workshop was amazing! Take a look at the marble maze Zach and Tyler created. What a fantastic job! The boys displayed amazing teamwork and creativity whilst building their maze, and eagerly shared it with the other OSH members once they had completed it! We are very proud of your hard work boys!! Well done!
